EAST WATER STREET,
Marble Block, one door South of their old Stand.

HAVING recently received an extensive stock, and daily adding to it the latest styles of
SPRING GOODS,
Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the
MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to
COUNTRY MERCHANTS
who design going East to purchase that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

Another Land Grant Asked For.

The recent grant by Congress of some two millions of acres of the public lands, in aid of two or three projected railways in this State, has stimulated the friends of other R. R. enterprizes to vigorous efforts, in the hope of securing like aid for their favorite roads. Prominent amongst these applications is one in behalf of the Milwaukee and Horicon Rail Road extension, thro' Plover, Stevens Point and Wausau to Lake Superior. Large and enthusiastic meetings have been held at Plover and at Stevens Point, within the current month, to urge this subject on the attention of Congress. At the latter meeting the following, among other resolutions, were adopted:

Resolved, that the greatest trunk line of Rail Road that has or can be projected in the State of Wisconsin to develope the resources thereof, is from Milwaukee, northwesterly via Horicon, to Lake Superior.

Resolved, that the Rail Road, usually known as the Milwaukee, Horicon and Lake Superior R. R. passing in nearly an air line through the entire length of the State, is worthy of aid by a grant of Lands from Government, at least equal to, if not greater than any other R. R. in this State

Resolved, that justice to the Central portion of this State demands at least the same aid for the carrying on of internal improvement therein that has been by the General Government, granted to the eastern and western borders.

Resolved, that the building of the Milwaukee, Horicon, and Lake Superior R. R. will open up to sale and settlement a greater area of public Lands in this State than that of any other projected Rail Road.

We concur entirely in the judgment here pronounced as to the relative value and importance of the Milwaukee, Horicon and Lake Superior Rail Road. We regard it as the most important line that can be built, either for our city, or the State, and while our views as to the policy of Land Grants to Railroads remain unchanged, we are free to confess that if this policy is, notwithstanding, to prevail, there is no enterprize within the borders of Wisconsin more deserving, or more sure to repay Government aid towards its construction, than this projected road thro' the heart of our State to the shores of Lake Superior.

A Weak Invention of the Enemy.

THE Manitowoc *Tribune*, following in the footsteps of the Buchanan presses, makes the following unfounded charge against the "Republican Platform:"

The Republican platform *has not a word* against the illiberal and arbitrary doctrine of Know-Nothingism, and it is presumable, at least, that the party and its leader are satisfied with the principles of hostility to foreign-born citizens as promulgated by the American organization.

This is a deliberate perversion of fact. The *Herald* knows better. The platform adopted in June last at Philadelphia, by the Convention which put JOHN C. FREMONT in nomination, contains the following explicit declaration:

Resolved, That we invite the affiliation and co-operation of the men of all parties, however differing from us in other respects, in support of the principles herein declared, and believing that the spirit of our institutions, as well as the constitution of our country, *guarantee full liberty of conscience and equality of rights among all citizens, we oppose all legislation impairing their security.*

This is frank, direct and emphatic. No man can pretend to misunderstand, or successfully misrepresent this resolution. It pledges the Republican party, as well as its nominee, JOHN C. FREMONT, to *oppose all legislation impairing full liberty of conscience and equality of civil and political rights* among the citizens of the Republic, native or adopted. And by that pledge the party and their leader will abide.

THE SERVANTS OF THE SOUTH.—The Union copies the Richmond Enquirer's thirteen reasons for claiming Southern support for Mr. BUCHANAN, and adds:

This rapid retrospect discloses a consistency and an *efficiency of SERVICE TO THE SOUTH*, which flattery can claim for no other living man. Mr Buchanan is not only vindicated from calumny; he is not simply shown to be *exempt from* just reproach and worthy of confidence; he is promoted to his proper position, *in advance of any and every Statesman of the North in confidence and affections of the people of the South.*

The Richmond Whig, on the other hand, claims that Mr. Fillmore has done more for and been truer to the South than Mr. BUCHANAN.—Mr. FREMONT's friends "acknowledge the corn." They make no claim for him for Northern votes on the ground of devotion to Slavery.

IMMENSE MASS MEETING IN INDIANA.—The largest Mass Meeting ever convened in the State was held at Indianapolis on the 15th. Trains of cars came in laden down from every direction. One train, drawn by three locomotives, had 75 cars. Thousands came, besides, in wagons—drawn by from 2 to 21 horses. The Banners were innumerable; and a mammoth Ball moving on axis, was a feature of the grand affair. More than 20,000 were on the ground. Three speakers' stands were erected.

The friends of FREEDOM and FREMONT are sanguine of carrying Indiana by an overwhelming majority.

Among the Taconic Mountains—The Promised Land, &c.

CANAAN, Conn., July 16.

Man was born to disappointment. So quite a number of us felt as we saw the "lightning train" leave the depot of the Michigan Central Railroad at Chicago; we, meanwhile, waiting for our baggage to come over from the steamer. Passengers with only a carpet bag, or other small parcel, made the connection. The delay of 1½ hours at Chicago made a difference of just 24 hours in my journey. So widens and strengthens ever the influence of evil; with the which sage moral deduction I leave the subject of the journey eastward, after saying, which I think everybody who has travelled *much* must say, that the route eastward *via* Michigan Central R. R, Great Western R. R, and New York Central R. R, from Suspension Bridge, leaves nothing to be desired save freedom from dust and cinders, and hot weather—that combination of horrors which beset the traveller now-a-days. On the New York Central they are adopting the plan of curtaining the sides of the cars down to within a few inches of the track, so that the large clouds of dust must pass out at the rear of the train; and the plan certainly works very well. The expense, however, must be nearly or quite as great as that incurred in fitting the cars with the sort of bellows attachment used on the Housatonic R. R, which secures a pleasant atmosphere in the cars, and complete freedom from dust.

Whoever named this region "Canaan" must have had a brilliant imagination, in that elder day, with which to clothe the land in those peculiar adornments which are understood to have formed the chiefest attractions of the land promised to Israel. Of "milk and honey," I ween, there must have been a poor prospect in that day, though time has worked wonders in increasing and developing riches since then. Indeed, I do not see how that "oldest inhabitant" who is supposed to have provided so much nomenclature could have seen aught but ranges of rough, rocky hills, rising ever and anon to respectable mountains, covered with dense forests, and with rapid streams between. Long years of hard work have, as I said above, done wonders; and so Canaan is now an appropriate name for all that I see about me. Reclining under the shade of an umbrageous pine-tree, on the thin sward that covers a ledge of rocks on the side of the hill which rises behind the house, high up, far above the chimneys, and yet not near the *summit*—let us look about us.

To the right rises Canaan Mountain—the king of the hills hereabouts, clothed with green garniture to the summit from the line to which practicable pasture fields have been carried. Doubtless the farmers carry them up the hill side till the animals can no longer keep their footing even by their teeth; but there they *must* leave the forest to itself, except as needed for firewood, or for making coal for the use of the iron furnaces down in the valleys. So there is a well defined line of lighter green around Canaan's base, and occasional patches of undergrowth are seen among the dark green trees. They say, and the map shows, on Canaan's very top, a lake, a mile or more in length, is held up there in some sort of reservoir. All this looks quite attractive on the aforesaid map, but to get to that lake from here requires a patient ride of some 12 miles round about and steep, though it is not more than three or four miles in a direct line. I mean to "achieve" that lake before I leave this region.

Now turn we to Canaan's base. There sleeps, and comes down below our feet, and widens out before us, and stretches away west and south—as far as can reasonably be expected—the valley of the Blackberry Creek, which is here near its junction with the Housatonic river. It is doubtless as good a thing to be a river as anything else upon the average of things, but somehow it seems to me that I should not care to be a river in New England. Even in their infancy as little babbling brooks, in the mountains, they are whipped for trout, and damned for turning some sort of machinery; and this treatment grows worse and worse as they advance in years and power. Let them but once more get into the valleys! Some man forthwith digs him a canal on one side of the hill, and forces the reluctant stream to supply it with water, harnessing the poor thing to whirling wheels for aye. Once in the harness, there is no peace for our unfortunate stream. Furnace and foundry, saw mill and grist mill, and factory of every article for which Yankee genius is famous, take full possession.—The poor little Blackberry, by the time it reaches here, is dreadfully weary, and goes slowly along through the meadow below, winding about with tottering steps.

The valley is a very pleasant one—the meadows now sweet with the new-mown hay—the rye yellow and waiting for the cradle—the corn dark-green and rank, and *just tasseling out*. Here and there, as the eye wanders over it, white spots that are not houses, catch the attention. They are ledges of marble, coming right out into the road. What a fortune would *one of them* be near Milwaukee! The houses stand thickly along the road, and are for the most part embowered among fine, old trees. Some are white, many red, and more look as if they never saw paint of any kind. Hereabouts there are many delightful residences lying among the trees, or nestled up against the side of the mountains.

We are here, at, or near, a railroad station—on the Housatonic R. R.—and thereby hangs a short story, of the quiet way of doing things in the neighborhood. We start from Albany at 5 o'clock A. M. and jog along in the accommodation train 38 miles to the State Line Station—the line between New York and Massachusetts—there we stop and wait, and wait, and wait, until a train of freight cars from Hudson or the North River, bound to West Stockbridge, get ready to take along a single car 3 miles to the latter place. Once there, it is about 7:50 A. M. by this time, we are told that we remain till 9:25, and it does not take a great while to examine the lions of the neighborhood. We start again, in another train, and by dint of pushing along 11 miles in 46 minutes, we get to Van Duzenville, where we wait till the train from Pittsfield, Mass., comes down on the Housatonic R. R., and the hour of 10:51 finds us over our journey of 62 miles from Albany accomplished. But what is the use of hurry, when one is coming to rest? We have but one train a day each way, and manage to live thro' it.

Well, all this by the way of episode. The great charm of the scenery of this region is still unmentioned, and as I feel as lazy as a hot day and lazy atmosphere can make me, I shall not mention the aforesaid charm to-day. And, indeed, if I improve in laziness, as seems probable, I don't see that our readers are likely to find out what constitutes the charm and beauty of this valley, unless they come and see them. W. H. W.

FREMONT'S LIFE.—Ticknor & Co., of Boston, have sold 31,000 copies of Upham's "Life of Fremont," and have unsupplied orders for five thousand more. They calculate on the sale of 100,000 copies in the course of the campaign. And this, too, of a 75 cent book. All the steam-presses of the North are enlisted in the Republican battle. The Tract Societies may as well shut up shop.—*N. Y. Ev. Mirror.*

THE GOOD WORK IN PROGRESS.—An old friend sending us the name of another subscriber for the *Sentinel*, writes as follows:

"Behold another Hunker and his dollar for the "*Sentinel*. The good seed sown by the *Sentinel* "in our parts is subjugating the old Hunkers as "the sun disperses the morning dew. We have "but *three* Old Liners left in our town and the "watchword is "Free Land and FREMONT."

Yours in the cause of Freedom, P.

TOAST.—Presented unanimously by the voters among the Students of Lawrence University:

"J. C. FREMONT—The gold-embedded crystal upheaved by the volcano of Kansas. May his lustre be untarnished by the surrounding acid of Slavery."

GERMAN FREMONT CLUBS, Declaration.

[*Published in the Atlas of the 19th inst.*]

We the undersigned German citizens of Milwaukee, feel induced to make the following public declaration:

The time for the Presidential election approaches, and it is the duty of every reflecting and freedom-loving citizen, to examine properly the present condition of political affairs in the Union, and, avoiding every blind partizan feeling, to seek out and choose that party which stands nearest to the universal ideas of Freedom, and at the same time is not opposed to the interests of Adopted Citizens. Without reference to former party connections, and from an unprejudiced observation of the present condition of things, the undersigned have arrived at the following conclusions, which we do not hesitate to make public.

We announce at the outset, that we are adherents to the Democratic form of government, that is to that form of government in which the people are sovereign; and that in reference to our political principles, we plant ourselves on those laid down in the Declaration of Independence of these United States. But standing upon this basis, and looking abroad upon the political condition of the present, we are compelled to say with fairness but firmness, that the Democratic party, forgetful of its distinguished founders, stands at present in direct opposition to those teachings which the Fathers of this Republic, and later patriots, acknowledged; that the Democratic party of the present possesses the name, but not the substance of democracy, inasmuch as its leaders, with the consent of its adherents, have grievously violated its first principle—that of the sovereignty of the people, as shown by the sad history of unhappy Kansas; and inasmuch as this party has made exclusively its own, the special interests of the slave-holding portion of the Union, and accordingly favors and supports the extension of Slavery into Territories where it did not originally exist.

We declare expressly that the Slavery question has been to us a subject of calm consideration, and that we respect the rights secured to the slave States by the Constitution, but cannot assent to the course adopted by the Democratic party upon this question. We therefore hereby announce our intention to place ourselves in the coming election on the side of the Republican candidate, FREMONT, inasmuch, as in a victory of the Republicans, we see a return to those first principles according to which freedom will be national, and slavery can be only sectional.

As free Germans who have withdrawn ourselves from the tyranny of European princes, we cannot approve of slavery, and must therefore naturally declare ourselves against every attempt to extend into new territories and thereby increase this evil, which unhappily exists in a portion of the Union. Humanity and the feeling of liberty and right determine us to this purpose, and our own interests no less, for free labor, that mighty lever of our prosperity, the corner stone of the power and greatness of the free West, finds its worst enemy in slave labor. That industry and energy, which, in the course of a few years, has, as with magic power, transformed the boundless wilderness of the West into blooming fields and granaries of plenty, will be destroyed if slavery maintains its unhallowed entrance into our territory. No more slave States is the cry in which we join and which JOHN C. FREMONT has answered.

There was another point also, which at present must attract our undivided attention, we mean the question concerning the rights of foreigners, and the attempts to alter, to their disadvantage, the existing naturalization laws. As men who ourselves belong in the category of "foreigners" we could not feel indifferent upon this subject, and certainly not, when it is pressed forward with especial emphasis, in so many places. We have earnestly considered the question, "Have these efforts to diminish the rights of foreigners the sympathy of the Republicans?" and have come to the conclusion that it must be answered in the negative. The declaration of the Republicans in their National (Philadelphia) Platform, their repeated declarations in the State Platforms, their open rupture with the Know Nothings, who have nominated their own candidates in Fillmore and Stockton; the antecedents of FREMONT which do not afford the least ground for any accusation of Nativism, and further his worthy and considerate answer which he communicated to the "Americans" who ratified his nomination in New York, these things induce us to feel no doubt that the Republican candidate for the Presidency, *will veto any congressional measure restricting the rights of emigrants.*

Taking into consideration the fact that the most esteemed citizens of all nationalities, notwithstanding their former position in the democratic party, have declared themselves for the Republican candidates, and that at last a progress is necessary if we wish to infuse a new and fresh life into political affairs—we believe that we are acting entirely right, and in a manner worthy of a free citizen of America, when we hereby declare ourselves for JOHN C. FREMONT, and invite all Free Germans of Milwaukee to join with us in a GERMAN REPUBLICAN CLUB.

In this Club—of the first meeting of which notice will be given—there will, until the Presidential election, be discussions of political relations and events, so that an opportunity will be offered to every one to express his opinion and to inform himself concerning our political affairs.—This Club will be the meeting place of those Germans who wish to see the Territories of the West FREE, who wish FREE LABOR, FREE SPEECH, and a FREE PRESS—of all those Germans who proclaim FREEDOM FOR ALL MEN, and support the election of JOHN C. FREMONT.

ROTARY LYING.—The Madison *Patriot* is responsible for the following Munchausenism:

☞ It is positively stated that before the New York Know Nothing Convention would nominate Fremont, they insisted on his going into the Know Nothing Lodge and taking the 3d degree, which he accordingly did.

There is not the shadow of truth in this statement. It is a lie out of whole cloth. Col. FREMONT, in principle and practice, is and always has been utterly opposed to the proscriptive opinions of the Know Nothings.

BUSINESS AT STEVENS' POINT.—The promised re-opening of the Land Office has made matters lively again at Stevens Point. The *Pinery* of the 17th inst., says:

The U. S. Register's Office is daily crowded with applicants for township plats. The "woods" are thronged with land-lookers. Settlers on government land are busy clearing, building cabins and filling pre-emption declarations.—Uncle Sam's domain will be rapidly parcelled out into farms, on and after the fourth day of August.

For the Sentinel.

German Republican Club.

On the 19th inst., there was a declaration published in the German Republican paper, the *Atlas*, signed by over sixty German citizens of this city, and to be found in the *Sentinel* of to-day. In consequence of this declaration, there was a meeting on the 20th inst, at which a German Republican Club was organized. The meeting was well attended by over two hundred Germans, and the best spirit prevailed throughout the meeting.

After the meeting was called to order, Mr. EDWARD DIEDRICH was elected Chairman, and Mr. P. ENGELMAN Secretary. The above-mentioned declaration was then read and a Committee appointed to report a plan of organization.—A fine band of music played the national air of "Hail Columbia," after which Mr. DOMSCHKE, editor of the *Atlas*, was called for, and spoke to the people there convened, on the political issues of the day. His speech was heard with general attention and applause.

Then, the "Hecker-lied," a German Revolutionary song, was played by the Orchestra, after which the committee returned and reported a plan of organization, which was adopted by the meeting.

A Committee was appointed to propose seven persons as members of the Executive Committee of the Club.

The following gentlemen were proposed and elected:

Executive Com.—FR. PREUSSER,
WILLIAM NEUKIRCH,
EDWARD DIEDRICHS,
P. ENGELMANN,
H. BOEBEL,
G. MENZEL,
F. SCHUETT.

Then Mr. R. GLATZ was called for and delivered a stirring speech, often interrupted by applause, after which the meeting adjourned under the sounds of the Orchestra.

It was a brilliant affair, and it is expected that the next meeting will be crowded by the liberal Germans. S.

Dead Body Found.

On the 10th inst. a dead body was found by Mr. George Filkins on the beach of the Lake, about half a mile south of Barney Eaton's ship-yard in the town of Lake, entirely destitute of clothing, and free from any scars or marks by which to describe the body, or by any wounds to cause the death of said person.

Mr. Filkins notified me, the undersigned, about noon of the 10th inst, and an examination was held upon the body on the 11th inst., early in the morning. There were no marks upon the body, and it appeared evident that the deceased came to his death by drowning; it also appeared evident that the body had been in the water but a short time; perhaps from twelve to twenty four hours.

Soon after Mr. Filkins left the body, to notify me, Thomas C. Mathews went to the body, and near to the same found a suit of clothes, which undoubtedly belonged to the deceased. The hat and boots were on the top of the bank, and the remainder of the clothes were on the beach, about four rods from where the body lay. The clothes were by the side of a tree, on the roots of a tree which had burned up, and covered over with some rubbish or pieces of boards. I did not know that any clothes had been found until after the examination had been held and the body interred. Mr. Mathews then notified me that he took the clothes from the place above described and carried them to his house and examined them and found the articles as follows, to wit: One brown heavy twilled linen coat, one plaid woolen vest, one coarse cotton shirt, one pair blue satinet pantaloons, one checked neckerchief, one straw hat, a pair of suspenders on the pants, and in the pants pocket a leather wallet, in the wallet eleven cents in money and a small paper in which there were one dozen minnie-hooks, or small fish-hooks, they were tied up in a piece of brown wrapping paper and this rolled up in a small piece of newspaper. This was all that I found when the clothing came into my hands.—The clothes were nearly new, and probably worth eight or ten dollars.

The clothing came into my hands on the 18th inst. On the 11th, when Mr. Matthews told me he had the clothes, I ordered him to deliver the clothes into my hands for examination, that I might publish all the facts in connection with the body. This he agreed to do. On the same day I again ordered him to deliver the clothes to me, and again he agreed to do so, but the clothes were not delivered to me as agreed by Mr. Matthews and the next I heard of them they were in the hands of S. S. Conover, Sheriff of Milwaukee County. On the 18th, as above stated, I called upon Mr. Conover and he delivered the clothes to me. This delay in getting the clothes is the cause of the delay in giving this notice to the public.

How, or by what means the man came to his death, other than drowning, is mere conjecture. He might have gone into the lake to bathe, or he might have been insane and drowned himself.—Since the clothes were found, I have thought that it was very probable that the man was laboring under some aberration of mind and committed suicide, and had I known that the clothes were found before the examination was held upon the body, I should have ordered an inquest to be held. The man was apparently about thirty-five years of age, 5 feet 4 inches high, dark brown hair, light complexion, and coarse sandy beard, and I should think would weigh about 135 or 140 pounds. The same man, or one bearing his description, was seen in the vicinity where the body was found, who had a carpet bag with him,—but no carpet bag has been found to my knowledge. These are all the particulars that have come to my knowledge, which I deem necessary to publish and I do this in hope that the name of the person may be found out and his connections and friends apprised of his death. If no person shall rightfully claim the clothing described, they will be sold for the benefit of the county in defraying the expenses incurred in holding the examination and interment of the body.

I do hereby certify that the foregoing statement of facts are true.

JARED THOMPSON,
Justice of the Peace.

LAKE, July 19th, 1856.

True German Spirit.

Mr. F. Hecker, one of the Fremont State electors, being prevented from attending the Belleville ratification meeting, on account of ill health, writes to the committee:

As soon as I shall be able barely to stand up, even if my health be not fully restored, I will speak to the people of St. Clair and the adjoining counties on the great question of the day; and then I will attempt to show how the honor of the German name and the German nation, how hatred against aristocratic pretensions and tyranny, render it the holy, the unavoidable duty of every man of the German tongue to enter the lists against slavery and slavocracy; how only the most sophistical, and the most forced perversion of the freest Constitution of the freest country can assert, much to the rejoicing of all the oppressors and despisers of men, that it establishes Slavery as the rule, and Freedom as the exception; how *those* only maintain firmly and faithfully the spirit and the letter of the Declaration of Independence and the Constitution spotless, a blessed gospel to the oppressed and enslaved nations of the earth, and carrying its banner without a stain over all the globe. Desiring you to consider me as voting with those who endorse the Philadelphia platform, and the ticket nominated upon it, and no less with those who support the resolutions adopted at the Bloomington State Convention, and the State ticket, I sign myself,

Yours Respectfully,
FR. HECKER.

SERIOUS ACCIDENTS.—The scaffolding of Van Bergen's new block fell this morning, precipitating to the ground a mason by the name of Byar, and an apprentice who is working for Mr. Livsey. Both were seriously hurt. It is rumored that Byar is since dead. The scaffolding about the new house in process of erection for Mr. J. White fell yesterday, by which two workmen were considerably injured.—*Madison Argus.*

A Loud Call for Help.

The New York *Express* of Thursday last contains the following urgent appeal to the Sham Democracy of New York, to vote for the *Know-Nothing* Electoral Ticket, in order *to save the State from going*—as all now concede it is quite sure to go—for FREEDOM AND FREMONT. This appeal is a significant sign of the times. It comes from a staunch Democrat, and is addressed to that party exclusively. It frankly admits that, so far as the Empire State is concerned, "*the Democratic Party is well nigh annihilated*," and it urges the remnants of that once powerful organization, to drop their distinctive candidates and rally under the Know-Nothing flag, with the single object of preventing the election of FREMONT. But read the document:

To the Democratic Electors of the State of New York.

To the Editors of the N. Y. Express:

"Hear me for my cause, and be silent that ye may hear." I speak to you as one who, ever since he had a vote, has invariably cast it for the whole Democratic Ticket. I speak to you as one who loves the Union of these States above all party considerations. I appeal to you to save this glorious Empire State from the embrace of Black Republicanism and Disunionism. Do you ask how is this to be done? Bear with me then, while I relate a little of my experience.—I have just returned from a tour through Central and Western New York. I have found the party to which you and I are attached, most treacherously betrayed by those who have hitherto ranked as its leaders. In Central New York those leaders have almost in a body gone over to Seward's protege, Col Fremont. The same is true of portions of the extreme west.—The masses have followed these traitors and the result is the Democratic Party is well nigh annihilated. Now I conceive that we have a duty to perform to our country, which overrides all party lines. The election of Fremont I should consider as one of the *greatest calamities* that could possibly befall the nation. How can we best prevent it. is the very natural inquiry? I answer, *save the State of New York*, and thus throw the election of President into the House. If the Democratic Party are so unwise as to nominate a Buchanan Electoral Ticket, one important step is taken, the direct result of which is, to almost insure the State for Fremont. I have some confidence in the honest Democratic masses. I believe they love the Union, and mean that it shall be perpetual. I believe they love it far more than their party, and I hope and trust that they will adopt the only possible way of "crushing out" its foes, and that is by voting for *Fillmore and Donelson*. A democratic friend at my elbow suggests that if we adopt this course it may lead to the *election* of F. & D. by the people. Well I grant there is a possibility of that, for the "Tribune" admits that Mr. Fillmore has an element of positive strength equal to 100,000 votes, but what then? We know Mr. Fillmore *to be true to the Union of these States!*

That consideration *alone* is enough to reconcile me to the bare possibility of his election.—But I have no sort of fear as to that. Let us send this election into the House, and Jas. Buchanan is the next President, or, if not, John C. Breckenridge is.

Fellow Democrats, will you, in view of the facts as they are daily being brought to your notice, consent, by your votes, to aid indirectly in the elevation to the Presidency of all isms—John C. Fremont?—Upon you rests the responsibility.

SANFORD HARRISON.

Mr. HARRISON, it appears, while prefering the election of BUCHANAN, is willing to compromise on FILLMORE. Anybody, in short, but FREMONT. And to accomplish this end, he calls on his Democratic brethren to strike hands with the Know-Nothings and give New York to FILLMORE, or throw the election into the House. We have seen no more striking indication of the way the current is setting in New York than this appeal. It shows, beyond all dispute, or doubt, that FREMONT "leads the column" in the Empire State, and that Democrats and Know-Nothings are planning a Union, there as at Washington, in the vain hope of preventing a choice by the People, and throwing the election into the House of Representatives. If the friends of Freedom, Justice and Reform throughout the Republic fight the good fight with the zeal, energy and determination which the cause demands, these hopes will prove fallacious, and the Democratic and Know-Nothing Allies share a common and merited overthrow next November.

Herbert's Character at Home.

The San Francisco *Bulletin* of June 20th thus speaks of the murder of Keating by Herbert:

The atrocious deed was in perfect keeping with the man's past history and present character. This Representative of the Bowie knife and Revolver fraternity, not satisfied with violating all rules of gentlemanly deportment, adds a foul murder to the disgrace he has already heaped on this State. Among the witnesses for the defence appears one Major Graham—we are glad he does not appear under the honorable title of "Mr."—and swears that it was *not the habit* of the prisoner to carry deadly weapons. We think it would have been better for the friend of the murderer to have qualified his evidence a little. It is well known that Herbert was never known to be without arms while in this State, that his antecedents are of the worst kind; that his friend, Wm. Gardiner, with whose pistol, it is said, he committed the murder, is equally as bad a character, and at one time the citizens of Coloma gave him the choice of dangling at the end of a hempen cord, or leaving the town in fifteen minutes. We are free to say that if Herbert had been here at this time, he would be hung as high as his bosom friends and companions, Casey and Cora.

Three Persons Poisoned by a Surgical Operation.

It is our duty to record one of the most sad, and at the same time singular occurrences, that has ever come within the sphere of our observation, which has already resulted in the death of two of the parties concerned, and so badly injured one other that his life is despaired of. The circumstances are these:—Dr. John Potter, residing at Prattsburg, Steuben county, brother of Dr. Hazard Potter, of this village, well known as one of *the most skilful surgeons in this State*, was called upon to dress a man's arm, which had been badly mutilated in the cog-wheels of some machinery. He made every effort to save the arm from amputation, and in this, at the sacrifice of his own life, he has probably succeeded. The arm having maturated, he called on his brother, Hazard Potter, of this village, to assist in opening it. During the operation he cut himself slightly, and allowed some of the virus from the arm of his patient to mingle with the blood.—This in a few days had so poisoned his entire system that no earthly power could save him. He died on Friday last. While attending his funeral, his brother Hazard, who had a slight scratch on his hand, at the time of performing the operation, and who had also become poisoned by the virus, felt an itching about his fingers, which proved to be the working of the poison, and although attended by all the physicians in Geneva, his life is despaired of. Another man who assisted in dressing the arm was poisoned, but we have not been informed of his situation at the time of writing.

P. S.—Since writing the above, we have been informed that the man who helped to dress the wound is dead.—*Geneva Gazette.*

SHIRKING THE ISSUE.—It is really amusing to see the whole border-ruffian press of the North, the men who supported Douglas in the repeal of the Missouri Compromise, consecrating Kansas forever to Freedom—who supported Pierce in the removal of Reeder, and in the keeping of Shannon, Donaldson and Lecompton in office, in that Territory, and who now support Buchanan, the nominee and favorite of the slave-drivers, really pretending that they do not want to make Kansas a Slave State! Do they suppose the people do not understand the issue, and the only issue in this campaign? The ides of November will show that they have entirely miscalculated the intelligence of the people. The thing is too plain to be covered up by any amount of lying, and they are wasting too much of that "raw material."—*Jefferson Co. Republican.*

CONTESTED SEATS IN CONGRESS, &c.—The Washington correspondent of the N. Y. *Herald* writes as follows on the 17th:

The Democracy here are becoming alarmed for Mr. Buchanan. Mr. Allen will be rejected, which gives Illinois to the Republicans. Mr. Hall of Iowa, will next go by the board, which secures his state for Fremont. Should Herbert be convicted of manslaughter, he, too, will be expelled, with a hope of securing a Free Soiler from California to neutralize Denver. If these things be accomplished, and the Presidential election is thrown into the House, Fremont triumphs. Private letters from Mobile and other Southern cities, to other prominent Democrats here, report Buchanan's nomination a dead fail.

The President is having veto messages printed in blank so meet the one hundred and forty-four River and Harbor Improvement bills which will pass Congress next week.

The Proceedings Against Gov. Reeder.

From the N. Y. Evening Post.

It is said that a warrant for Gov. Reeder's arrest has arrived at Washington, and that if he shows himself there he will be made a prisoner and carried back to Kansas, to take his trial before the excellent and impartial Judge Lecompte, the Jeffreys of the Territorial tribunals. This is a supererogation of oppression. It strikes us that it is quite enough to keep Gov. Reeder out of the territory, for the purpose of depriving the inhabitants of the benefit of his counsels and his experience as a public man, and that it is an act of superfluous ferocity to hunt him elsewhere, as the police would hunt a felon. Probably, however, the design of those who direct these proceedings is not merely to drive him from Kansas, but to make an example of him, to the terror of all who may take the part of the people against the slave-drivers.

It is worthy of remark that they have not sought to arrest Gov. Reeder at Easton, among his old neighbors, or at Boston, or at New York. The reason, doubtless, is, that the attempt to arrest him in either of those places would doubtless lead to an unpleasant popular excitement, while at Washington he might be seized and sent off to the West without any danger of disturbance, either at the seat of government, or on the way to Lecompton.

A HEROIC MOTHER.—There was on the ill fated steamer *Northern Indiana*, yesterday, a lone Mother with four children. Satisfying herself that the destruction of the boat was inevitable, and that the wide waters of the lake was the *dernier* and almost hopeless resort, the noble woman coolly cast about for the best security for her four little ones and herself. Looking over the side of the vessel she saw a table floating near by. Quickly, she calculated the chances.—Then, binding three of her children to herself, she gently lifted the fourth over the side of the vessel and dropped him into the lake, directing him to "keep still and float on the water."—Having done this, she next jumped into the water herself with her three little ones. In a few moments, she seized the floating table, placed her three little ones upon it, she clung to it herself until all were finally rescued by the boats and placed upon the steamer *Mississippi*, where the noble woman was heartily cheered and congratulated by the passengers on the steamers, who had been anxiously watching all her movements, and who manifested their regard for her heroism with warm hearts and unstring purses. Such a woman deserves to be a mother.—*Detroit Tribune.*

WEATHER—CROPS.—The weather for the last week has been very favorable for the farmers. We have had rain enough to bring things forward well, but not enough materially to interfere with farm work. The process of "making hay while the sun shines," has been vigorously prosecuted during the week. The yield is pretty good, though until the rains came the prospect was not very bright. Wheat, we think, will be about an average, the straws and heads will not be very long, but all the heads we have examined are well filled, and the grain plump. We have heard no complaint of rust, and but little of the chintz bug. Oats are looking very well, and corn is coming on finely.—*Platteville (Grant Co.) American June 18.*

GREAT MEETINGS IN LEE AND WHITE-SIDE COUNTIES.—We were present at the great meetings of the supporters of Fremont and Dayton at Dixon on Thursday, and at Sterling on Friday last, and we can safely say that the enthusiasm of the people for the free labor ticket, has never been equalled in this country.

The people turned out from all quarters, with their transparencies, banners, glee clubs and bands of music.

The meetings were continued from 1 P. M., until 12 at night.

The Fremont and Dayton ticket will get near 2,500 majority in these two counties.—*Chicago Democrat*, of yesterday.

IMPROVEMENT.—At no former period has this village evinced such a spirit for improvement as now actuates many of our citizens. New buildings spring into being almost weekly, additions are being made by our merchants to their stores, so that they may extend their business, and the sound of the hammer and trowel may be heard from morning till night, and dwellings are going up on ground we supposed would have remained vacant for many years to come. Some may think that we say too much in regard to Jefferson, but we differ from them, and ask them to come and see this village now, and contrast it with what it was to two years ago, and they will say that our statement is by no means exaggerated.—*Jeffersonian.*

Review of Markets, for the Week ending July 22.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, July 22, 1856.

Received by R. R. during the week.—58,071 bus wheat, 729 bbls flour, 142 10 lbs wool, 2899 bus corn, 24 car loads stone, and sundries.

Shipped by Lake during week: 90,611 bus. wheat, 479 bbls flour, 149 do beer, 280 bus malt, 20 bbls pork, 879 bales wool, and sundries.

Shipped thus far, for the season, of leading articles:

Flour, bbls	76,638
Pork, "	9,875
Lard "	2,535
" "	856
Wheat, bus,	849,611

The market for Wheat has undergone considerable fluctuations during the past week. It opened rather firm and with fair demand, at 1,19a1,19 for Club. From that figure prices dropped pretty rapidly till on Friday 1,00a 1,05 was the best offer for Club. Saturday the market improved a little, and yesterday the *platform* was swept at an average of $1,12½ for Club—an advance of 5a5 cts—and 1,18a1,20 for winter. Receipts light and not equal to the demand. The rise, yesterday, was predicated upon the advance in the New York markets, and, if sustained, will make business active during the current week. Receipts R. R. during the past week, were almost 10,000 bushels, and the shipments by Lake 90,000; among the latter was the first cargo of wheat ever shipped direct from Milwaukee to a trans-Atlantic port, Liverpool.

FLOUR.—Our mills are grinding moderately, and receipts from the country continue light. No material change in prices. Superfine No. 1, sells at 5,00a5 50, and extra at 6,00a6,50.

RYE.—Very little doing—prices nominal at 50a60 cts.

BARLEY.—We note a sale of 6000 bushels, delivered at M. & M. Depot yesterday, at $1,00 per bushel.

OATS.—Light receipts, with active demand and sales 31a40cts.

CORN.—Is in fair request at 40a45 cts for shelled.

POTATOES.—Are selling at 62a67½ cts per bushel, according to quality.

BUTTER.—Rather more plenty and cheaper; selling at 12a15cts.

WOOL.—Most of the receipts, which continue large, are for Eastern account. Prices range from 24 to 38 cents. The *N. Y. Tribune* of the 17th says:

WOOL.—Our market has been characterized by great activity during the past week, but the operations have been performed in so quiet a manner that none other than ourselves can give the bona fide sales; the transactions for the week comprise 200,000 lbs fine medium Fleece at 45c; 30,000 lbs superfine Michigan do at 55c; 6 mos 200,000 lbs good common to medium at from 37½c to 40c, 75,000a100,000 lbs No. pulled 34½c; 8000 lbs old extra pulled country at 45c; 10 000 do super extra pulled city at 50c. Small sales of fine qualities of Fleece have been made at high figures, but they would be no guide to the market. Most of the manufacturers and dealers have now returned from the West, and are looking around the market, but most of the prudent purchasers operate cautiously, being deterred by the high prices demanded.

WEATHER AND CROPS. The weather for the past week has been superb and most auspicious for the labors of the harvest now in full progress all over the State. There is no longer any doubt as to the Winter Wheat. The crop will be above an average, both in quality and quantity. A good share of it was cut last week, and this week will finish the job. Rye is also ready for the sickle, and looks well. Spring wheat is luxuriant and rapidly ripening.

Oats and Potatoes are thrifty. Even Corn, which was backward and unpromising, has come forward famously during the past fortnight, and no fears are entertained in regard to it. In short, our Farmers have the promise of a most abundant harvest and fair prices to follow. They have indeed reason to be thankful and the whole State shares in their prosperity.

A HUMAN LIFE SAVED.

Dowagiac, Mich., March 11, 1856.

J. A. RHODES, Esq:—Dear Sir—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says:—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, ' Let the proprietors of any other medicine say as much if he dare,' &c.

Now I take pleasure in saying that the Caution referred to the same "*Dr. Christie's Ague Balsam*" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS. A. RHODES, Proprietor,

Providence R. I.

☞ WE would recommend our invalid readers to give "*Hoofland's German Bitters*" a trial, as we feel assured a medicine that can produce such evidence as the following, in its favor is no humbug:

J. D. SPRING says:

ROCKPORT, Monroe Co., N. Y., Feb. 27, 1856.

"Send me a fresh supply of Bitters immediately. It gives the very best satisfatisfaction. One gentleman had been troubled with Dyspepsia for a long time, and spent the most of last summer at a noted Water Cure establishment, but found no relief whatever, until he used the Bitters. *He is now entirely cured.*"

REV T. P. PFISTER says:

NEW BROOKLYN, N. Y., 9, 1856.

Dr. C. M. Jackson—*Dear Sir—I request you to send me* by the first opportunity, three bottles of "Hoofland's German Bitters," and I am glad to state that the Bitters have cured different persons of my acquaintance, when physicians' help was without effect, especially in hemorrhoidal cases (bleeding piles,) the effect and cure was sure and certain.

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all powerful, pain-subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 76 Barclay and 232 Greenwich street, New York.

STEALING FROM A SHOP.—Edward Hochwein, charged with stealing from a shop, and committed to jail on Saturday, was brought down from jail, and gave bail, in the sum of $250, for his appearance at Court, and was discharged.

BURGLARY.—A man named Frederick Meyer was arrested by Policeman Sprague for burglary He was to be examined in the afternoon

LARCENY IN A DWELLING HOUSE.—Edward McGreary was arrested by a Policeman O'Connor for larceny in a dwelling house, stealing money The officer found the money upon him He was to be examined at 2 P M, in the Police Court

In the afternoon, Frederick Meyer was examined on a charge of burglary into the house of John W Allen, the complainant Mr Allen testified that on Sunday night about half past eleven o'clock, he was awakened by his wife, who told him there was something in the room that he told his daughter to light a candle My wife told me to "*shoot at whatever it was*" Defendant said, "Oh no" I asked defendant what he wanted, and he said a glass of beer His boots were left outside, the window was up, and all the doors bolted

Policeman Sprague testified that he went to complainant's house, and found him holding defendant on the floor in the basement, defendant's boots and hat were left outside the window, on the ground the window was open a coon, which was chained to the wall, was lying on the boots, took defendant to the Station House, searched him, and found nothing on him

Defendant was held for trial, and in default of $300 bail was taken back to jail

We should think the *coon* would be a good witness in this case, as the only one who witnessed the burglary if subpoenaed on the part of the State, he would get his fees, but none, if called for the defense

THE RAPE CASE.—After the above was disposed of John Pugh, Dennis Galooly, Thomas McCoy Francis Hurley and Gabriel Johnson, were examined on a charge of rape After hearing the testimony of the complainant the District Attorney entered a *nol pros*, and the defendants were all discharged

TRIAL TRIP OF THE PROP ALLEGANY.—This beautiful specimen of naval architecture, built at the shipyard of Captain Jones, in this city, for the American Transportation Company, made her trial trip yesterday afternoon, bearing on her capacious decks a goodly company of ladies and gentlemen She got fairly under way about five o'clock, and steamed out into the Lake in fine style, making a beautiful appearance with her streamers floating on the breeze Her cabins and state rooms are fitted up with an elegance that reflect great credit upon the taste of her gallant commander, Capt CURTIS, who, we believe, had the control of that department, assisted, perhaps by Mrs CURTIS who with several of her lady friends graced the occasion with their presence The *Allegany* went out into the bay some 5 or 6 miles, and returned, landing her visitors at Walker's Point Bridge, about 7 o'clock.

We shall give our readers a full description of the *Allegany* in a few days

ILLUSTRATED HISTORY OF THE U S.—We were shown yesterday specimen numbers of a new History of the United States, written by Dr J A Spencer and published by Masten, Johnson and Company, 27 Beekman Street N Y The work is to be published in parts, on fine white paper, quarto size, each part to be illustrated by a choice line engraving from the original designs of Leutze, Weir and other eminent artists. The numbers before us are elegant specimens of typography, and the plates, "Washington," Patrick Henry addressing the Virginian Assembly," and "the Capture of Ticonderoga," are of superior merit Indeed the work promises to be a standard one, and will be clothed in a sumptuous garb The terms of payment are, 25 cents per number, payable on delivery The sole Agent for this State is Mr O C Davis who is now in our city canvassing for subscribers, and will gladly exhibit specimens As it will be delivered only to subscribers, those who desire to procure copies will do well to give their names to Mr Davis

COMMON COUNCIL PROCEEDINGS LAST NIGHT.—The Common Council held a regular meeting last night —, The following is the business transacted of interest to the general reader

Petition for butchers to remove their slaughter houses outside the city limits—laid on the table

Plan for an Engine House of No 1—submitted and referred to committee on Fire Department

Communication from Police Justice about the noise over Police Office, and asking for a new room—referred to Police Committee

J M Ryan's petition for reward for catching old Jones—referred to select committee

Ordinance passed to muzzle dogs, and instructions to Chief of Police to rigidly enforce the same

For the Sentinel

Messrs Editors —Not having yet seen any published report of the Coroner's Inquest in relation to those two unfortunate events of the past week, it has struck me that there must be some very great laxity of official obligation. Many rumors are in circulation, improbable and contradictory The *falo de se* may be very apparent to the few, but cannot, in the nature of things, be equally evident to the many, clearly showing the necessity of official publication in order to quiet the public mind Pray, where is his Honor, the Mayor, whose especial duty it is to see that the laws are faithfully executed?

MUZZLE YOUR DOGS.—It will be seen, by reference to the proceedings of the Common Council last night, that an ordinance has been passed to have *all dogs running at large securely muzzled* Each of the canine family that hereafter runs at large, will have to wear a *collar*, a *ticket*, and a *muzzle* The Chief of Police is to rigidly enforce the ordinance relating to dogs.

ESCAPED PRISONER ARRESTED.—Yesterday a man named Michael Burke, was arrested by Mr Carpenter, Sheriff of Manitowoc, and was to be taken to Sheboygan on the boat this morning.

Burke was first arrested on the charge of committing a rape on an old woman in Manitowoc, confined in the Sheboygan jail, awaiting trial, and escaped from there a few days since

ASHORE ON LAKE HURON.—We were informed that the schooner *Kate Hayes*, Capt McKittrick, which cleared from this port July 12, with 15,681 bushels of wheat, bound to Buffalo, was ashore on Lake Huron Damage not ascertained

On motion of Mr Hale a resolution was adopted calling on the President for information whether any instructions have been issued to any military officers in command, in Kansas, to disperse any unarmed meeting of the people of that Territory, or prevent by military authority any assembling of the people in the Territory.

The House proceeded to the consideration of the Nebraska contested election case. The committee on elections reported a resolution that Bird Chapman was not, and that Hiram P. Bennett was elected delegate.

The State Department has no despatches concerning the story of a treaty between Great Britain and Honduras, ceding Ruatan to the latter.

The Secretary of State has addressed a letter to the Governor of California, informing him that the federal Government cannot interfere against the Vigilance committee, until requested by the Legislature of California, or, until that body shall be unable to act, in consequence of the insurrection.

Congressional.

Washington, July 21

SENATE.—The bill for the armament and fortifications and manufacturing of small arms &c, was amended, reducing the proposed appropriation from three million to one million eight hundred thousand dollars, and then passed by a vote of 27 to 10.

A resolution was passed, providing for the close of the session on the 11th of August.

The following bills were then passed —Regulating the fees and costs and other expenses of the U S.

Making appropriations for the improvement of the Delaware breakwater.

Also, for the improvement of certain harbors in Maine, and the harbors of Marquetta, Michigan, and Manitowoc, Wisconsin.

Adjourned.

The daily hour of meeting was changed from 12 to 1 o'clock. Humphrey Marshal, from the Judiciary Committee reported a bill to establish a uniform rule of naturalization. Referred to committee of whole on the state of the Union

Mr Smith of Tenn, moved a suspension of action in the Senate's resolution. Just reconsidered motion to adjourn on the 4th of August.

Motion agreed to, 128 to 46. Mr. Brooks moved to lay resolutions on table. Lost 105 to 46. Mr. Campbell, of Ohio, moved to amend by substituting 3nd of September, as it would be impossible to clear up business sooner Mr. Hayden preferred an earlier day. Mr. Dunn had hoped to see the Missouri Compromise restored, but that hope was gone. Yet there would be no peace in the country till it was restored, in terms, or in substance Until the question of individual safety was settled no appropriation bills should be passed. (Cries of "agreed," "that's the talk" &c) The only way to ensure compliance was to stop the wheels of Government.

Mr Dunn concluded by announcing his intention to vote for Fillmore.

Without taking any question, the House adjourned.

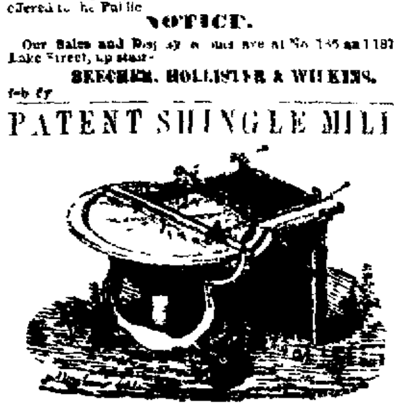
PATENT SHINGLE MILL



EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction, the speed of execution and the durability of the shingle, is wonderful, relieves the saw so that it may be guided on its edge, so as to cut away but little of the wood.

The shingles now made with the mill sell in this market from fifty cents per thousand higher than any other sawed shingles.

The mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

The old Eagle going it with a Rush!

THE EAGLE
STEAM FOUNDRY!
— OF —
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

DEFY COMPETITION

In any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

C. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the light and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.

THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways and thus avoid loss of time in gigging back. They cut with ease, when properly set, about fifteen Hundred Feet per Hour. They are not more complicated, nor more likely to get out of repair than any other Siding Machine. A Machine on this plan in connection with an upright saw for slabbing the logs, will excel anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction. They are

MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE,

Under the supervision of the inventor, where Machines may be obtained, on application to

PINNEY YOUNGS & CO.

We subjoin the following testimonials of the estimation they are held in by purchasers.

MANISTEE, Michigan October 1st, 1855.

PINNEY YOUNGS & CO.

Gentlemen—In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended. It far exceeds my expectations. To give you an idea of what can be done with it, I will give you an account of a few hours sawing. It [illegible] Eight Thousand [illegible] at 18 [illegible] feet of lumber, superficial measure, and that in the most perfect manner.

Yours truly,
(Signed) SAMUEL [illegible]

MILWAUKEE, March 28th, 1855.

We have one of Pinney Youngs' Patent Sawing Machines in operation, and would say that it is all that it is represented to be, and gives perfect satisfaction.

MEDICAL.

DR. WEAVER'S
CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is arriving daily from East, West, North and South, of wonderful cures they are preforming.

See what is said by those who have used these medicines.

The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

Dr A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child have been cured by the Syrup and Cerate."

Rev August Boller says "it has cured the Salt Rheum in my leg."

J. Hatfield Fraser, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jeff. Co., N. Y., what the syrup has done for him; ask G. F. & W. H. Boynton, of Perkinsville, Vt.; ask S. L. Kent, of Chicago, Ill.; ask Martin Cottle, of Martha's Vineyard, Mass.; ask Wm F. Reahler, or Wm P. Benjamin, Esqs., of New London; ask Dr H. M. Murdock, of Pulaski, N. Y.; ask J. C. Smith, of Brooklyn N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Slaiter, Merchants, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

MEDICAL.

TO THE MILLION!
READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following

CARLYLE, Ill., June 29, 1855.

I have used Prof Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex Senator United States.

VINCENNES, Ind., June 10, 1852

Prof O. J. Wood. Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c., ——.

GARDNER, Me., June 22, 1855.

Mr Dyer. Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHEY.

ST. LOUIS, March 7, 1854

Prof. Wood.—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,
153 Second Street.

ST. LOUIS, June 23, 1855.

Prof Wood.—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,
H. L. STEWART.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.

A CERTAIN, safe, and effectual remedy for Diseases of the Bladder, Kidneys, Gravel, Dropsy, Obstructions, Female Complaints, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure certain and permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands from the hands of merciless quacks, if not from premature graves. In cases of infections, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing safe cures. It contains no narcotic, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them. DELAYS ARE DANGEROUS. With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail. This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the system, restoring the patient to a perfect state of health and purity. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a cure and preventive of any of the above ailments.

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract of
SARSAPARILLA.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence of life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various areas in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and of Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations.—It is, therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water, is equal to the Lisbon diet drink, and one [illegible] gallon of Syrup Sarsa[illegible] made.

PRICES.
Fluid Extract Buchu, $1 per bottle or 6 for $5
" " Sarsaparilla " "

Certificates of cures and recommendations from distinguished professors and physicians will accompany each preparation. Prepared and sold by
H. T. HELMBOLD,
Practical and Analytical Chemist, No. 263 Chestnut St., near the Girard House, Philadelphia.
